GENERAL

1. We had a great reading! The cast took well to the adjustments made to "He Is Here" and "Mine, All Mine" that were worked with Larry leading up to the performance.
2. The audience notably enjoyed the interactions between Dr. Parker and Meredith during "Fly With Me" (and were audibly shocked at the start of the new song).
3. They also thoroughly enjoyed Shelley's final verse in "Deer in the Headlights" and "critter please."
4. Gertie the cow was a big hit throughout the performance and got many laughs during "He Is Here."
5. As in our December production, the audience LOVES "Comfort and Joy" and responded with many gasps to the rabbit reveal.
6. The audience was in a captivated silence for "Mine, All Mine," that was only broken when Shelley and Edgar kissed.
7. Almost the entire audience stayed for the Q&A and came up with many great questions that sparked great insights from Larry about Bat Boy and his other work.
