## General

1. We had another great show tonight! The audience was much quieter today for our matinee but they still had their moments of excitement. They particularly enjoyed the moment where John farted in Act 1, Alexander's freak out after he kills Imogen in Act 2 and the Bear fall in Act 3.
2. A general reminder from pSupe and Stage Management to make sure to keep your radios ON and ON your person at all times when you are on call so that we can reach you when needed.
3. Please wash your dishes if you use the RJO Green Room sink!! We are responsible for keeping the spaces clean while we inhabit the RJO.

## Scenic

1. The shadow curtain was pulled too aggressively in Act 2 and fell off its tracks. Oliver managed to fix it between Performance #4 and Performance #5. They could not find the stopper so for tonight, we have affixed a binder clip and gaff tape to the end of the rod.

## Props

1. The lantern broke at the hanging point from the ring during Act 1 Scene 5. Oliver managed to fix it with hot glue and gaff tape during Act 2 and it is ready for the next show.

1. Molly's (Imogen) corset broke during Act 1 (the zipper would not zip completely up to the top). This was covered by Molly's hair so it was not visible to the audience. Wardrobe
